Shelley McAulay

Shelley M. McAulay is President of Orderly Solutions Associates, a professional organizing company based in Tottenham, Ontario.

Since 2001, Shelley has been active in her own and other nearby communities, educating business and homeowners on the difference a clutter-free environment can make. Having discovered just how many people had trouble organizing their homes and offices, Shelley embarked on an organizational odyssey.

A highly efficient, organized and caring person, Shelley enjoys helping those who are overwhelmed by "stuff", to get out of their dilemma and develop long-term solutions that work for them and their own particular situation. For those who have trouble maintaining an organized environment, she returns on a regular basis to keep her clients' offices and homes as orderly as possible.

Shelley is a graduate of Sheridan College of Applied Arts and Technology and a member of Professional Organizers in Canada. She lives with her two children and her husband in a home that is amazingly open, spacious and clutter-free.

"Space and light and order. Those are the things that men need just as much as they need bread or a place to sleep. "

"Order is a lovely nymph, the child of Beauty and Wisdom; her attendants are Comfort, Neatness, and Activity; her abode is the valley of happiness: she is always to be found when sought for, and never appears so lovely as when contrasted with her opponent, Disorder. "

How We Can Help...

- Is your office an obstacle course, with piles of paper on the floor, the desk and every available surface?
- When you need to find a receipt, an invoice or a phone number, does your mouth go dry at the thought of how long it will take you to find it?
- Have you tried to keep your working space in order but somehow just seem unable to?
- Do you collect newspapers, magazines, “things that might be useful someday” and have no room to move?
- Are you concerned that if you hire a professional organizer it will take you so long to explain your needs that you might as well do it yourself? (And then you don't??)

Is this your problem?

We can change your work environment so that even YOU don't recognize it!

Our Satisfied Clients

“Thank you for a fantastic job of organizing our seminar room, storage area and offices. The transformation was phenomenal. I also appreciate your ideas and recommendations for future changes. You have confirmed my belief that if you want something done right you should ask an expert. Since the reorganization, we have been able to access our files, supplies and products easier and faster. And the additional seminar space will increase our profits.”

“When you own a company and you're the only employee, it's hard to keep on top of everything. My filing began to pile up and the supply cupboard was a mess. Shelley came in and got things organized. She worked with me to design a system that put the important things within reach and the others in their place. Best of all she's always at the end of the phone when I need her to come in and do a little maintenance. Hiring Shelley was an investment in my company and I'm glad I made it.”
