

Are you prepared to ace your next job interview?

Start with a **mock interview** to learn:

- All about résumés - what works, what doesn't
- **3 types of interviews and why they are used**
- Preparing for behavioural interviews by using skills learned in school
- **Researching prospective employers**
- **What employers look for**
- **Dressing and presenting for success**
- **References and referrals**
- **Listening, asking questions and other essential interpersonal skills**
- **The art of interviewing - blowing the competition out of the water**
- **Landing that great job!**

So you can go from feeling like this...

.... To this, in no time...

Mock interviews prepare you for the real thing. The more you practice - the better you get...
